Re: John Looney, 22-6009

Dear Judge Pedersen:

I am requesting a 30-day adjournment of the argument of motion date in the above-referenced matter. The government, AUSA Megan McGuire, does not oppose this request. Therefore, I am also requesting corresponding additional time to submit motions in this case.

This is the defendant's request and therefore, I would move for an exclusion of speedy trial time during the period of the adjournment so that I may file motions in this matter.

Respectfully submitted,

James Napier, Esq.
